SAREX EVENT May 19-20, 2018 Airlake Airport, Lakeville MN

Minnesota Wing Civil Air Patrol (the “CAP”) will again be joining with SRRRMN to host a multi-disciplinary joint SAREX (Search and Rescue Exercise) training session in Lakeville, Minnesota.

CAP will pool its expertise and resources to develop operational experience and relationships with other search agencies and resources. The event provides an opportunity for diverse members of the search community to work together in an educational and interactive exercise and to build relationships with resources they may not routinely encounter.

Attending search disciplines and resources will include:

- Minnesota Wing Civil Air Patrol
(including its command and communications group, as well as airborne search and ground teams)
- A UAS (Unmanned Aircraft System, i.e. “drones”) service provider
- K-9 teams
- Mounted posse units
- Search management resources
- Other search resources

The weekend schedule is currently planned as follows:

- Saturday, May 19th: Capabilities training session showcasing the different disciplines, with appropriate demonstrations and interaction with the attendees. This will be held at Airlake Airport and based in the CAP operations hanger.
- Sunday, May 20th: Simulated search and rescue operations in the Lakeville and Cannon Falls areas. CAP staff, together with the exercise’s IC team, will direct the multiple units and search resources through a search exercise.

Participants wishing to stay Saturday night will have access to designated areas approved for tenting, RV parking, and an area for mounted units with their horses.
